## Technical data:

|                             |                                 |
|-----------------------------|---------------------------------|
| Category                    | : DC-DC converter               |
| Input voltage               | : DC 12 V                       |
| Output voltage              | : DC 5 V                        |
| Output current              | : 2,400 mA                      |
| Charging time               | : -                             |
| Trickle charge              | : -                             |
| Polarity selection          | : -                             |
| Switchable output voltage   | : -                             |
| Reactivation                | : -                             |
| Connections                 | : USB Type-A                    |
| Cable length                | : -                             |
| Short-circuit protection    | : -                             |
| Overload protection         | : -                             |
| Overheat protection         | : -                             |
| Reverse polarity protection | : -                             |
| Detection of faulty battery | : -                             |
| Protective class            | : -                             |
| Admiss. ambient temp.       | : 0-40 °C                       |
| Dimensions                  | : -                             |
| Weight                      | : 16 g                          |
| Position                    | : -                             |
| Other features              | : for cigarette lighter sockets |
