

## LP-200-8 - Level Control

### L-pad attenuator

- Level control for speakers
- Stereo version
- With front panel and knob

## Technical data:

|                        |                    |
|------------------------|--------------------|
| Impedance              | : 8 Ω Ohm ± 25%    |
| Line input             | : -                |
| Input control voltage  | : -                |
| Line output            | : -                |
| Output control voltage | : -                |
| Channels               | : stereo           |
| Attenuation            | : 0 dB to ∞ dB     |
| Attenuation direction  | : counterclockwise |
| Turning angle          | : 300° ± 5°        |
| Frequency range        | : -                |
| THD                    | : -                |
| S/N ratio              | : -                |
| Power rating           | : 15 W MAX         |
| Power supply           | : -                |
| Admiss. ambient temp.  | : 0-40 °C          |
| Dimensions             | : see drawing      |
| Weight                 | : 86 g             |
| Connections            | : -                |
